

**Street Library,  
Tuesday 7<sup>th</sup> November 2pm**

**Librarian Theatre, a professional touring company, have created an original stage adaptation of *Alice in Wonderland* by Lewis Carroll, incorporating the theme of psychosis into the world of Alice's library. This highly physical production will have a dynamic cast of four portraying all of the characters, and a minimalist set design.**

**Running time:** Approximately 75 minutes.

**Age-range:** Shows are always family friendly, and children aged 8+ (accompanied by an adult) are very welcome. Please note this is not specifically a children's show, and the production explores adult themes of mental health, albeit in a universally accessible way.

£7.50 : adults

£4.50 : concession (under 18s, students, Equity/BECTU, reg'd disabled)

£2.00 : Strode College students
