25/26.FC.075. Proposed Bed Closures at West Mendip Hospital – Concerns Over Transparency and Impact on Local Healthcare Provision

Background: West Mendip Hospital's Original Purpose

West Mendip Community Hospital was opened on 18 April 2005 as a purpose-built NHS facility on Old Wells Road in Glastonbury. It was designed to consolidate services from Butleigh Hospital and Wells & District Hospital, creating a modern community healthcare centre to serve central Somerset. The hospital was established to:

- *Provide 36 inpatient beds.*
- *Offer outpatient rehabilitation and recovery services.*
- *Operate a Minor Injuries Unit.*
- *Act as a hub for community-based care across the region.*

A proposed closure or repurposing of 20 beds at West Mendip Hospital in Glastonbury marks a significant departure from the hospital's founding vision, raising serious concerns about reduced access to care—especially for elderly and vulnerable patients in the area. The changes form part of wider plans by Somerset NHS Foundation Trust affecting community hospitals across the county.

Members of Street Parish Council discussed concerns that despite the scale and significance of the proposed changes, no public consultation appears to have taken place, and a business case has not been published.

At the meeting, Street Parish Council:

- Noted the concerns raised by Cllr Claire Sully, Vice Chair of Somerset Council's Adults and Health Scrutiny Committee.
- Discussed the potential impact on residents particularly those without access to transport who may be required to travel further for care.
- Supported calls for Somerset Council to hold an emergency scrutiny meeting to examine the decision in full.
- RESOLVED - to write to Somerset NHS Foundation Trust requesting an immediate pause on implementation and the publication of the business case for proper public and committee scrutiny.

To include expression of strong concerns about the decision-making process; request an immediate pause on implementation; request publication of the full business case; and highlight the negative implications for residents, particularly those who may struggle to access distant services.

25/26.FC.076. CONFIDENTIAL SESSIONS

RESOLVED - In accordance with the Public Bodies (Admission to Meetings) Act 1960 amended by the Openness of Local Government Bodies Regulations 2014, a resolution was passed at the meeting to exclude the press and public as the final item on the agenda involves confidential information on legal/contractual matters.

25/26.FC.077. Grounds Maintenance Tender for Play Areas and Open Spaces

*Note: Previous Council Resolution 24/25.FC.181 Council strategy December 2024 (Option C) To pursue devolution of five Play Areas and Key Strategic Open Spaces but NOT Woods Batch at this stage. * Somerset Council have since advised that if Street Parish Council wish to proceed with Mellanby Close grass area they will need to take Mellanby Close Play Area.*

- b. Members were asked to resolve any final changes to the agreed strategy for the Devolution of Play Areas and Open Spaces from Somerset Council to Street Parish Council.

This included consideration of:

i. Mellanby Close Play Area and Grass Area

Devolving Mellanby Close Play Area together with Mellanby Close grass area or removing Mellanby Close grass area from scope.

ii. Woods Batch Complexities – Lease arrangement

Street Parish Council have been advised that the Woods Batch area, including the play area, is the subject of a single lease to Somerset Council, which could add an extra layer of complexities for both Street Parish Council and Somerset Council. As the Parish Council have previously resolved to pursue splitting the site it is recommended that the Parish Council pursue a maintenance agreement with Somerset Council with reference to the lease and review the long-term position for the whole of Woods Batch at a future date.

iii. Tannery Field

Street Parish Council are seeking confirmation that Somerset Council have a lease agreement with Street Football Club. The Clerk advised that Street Parish Council could request Somerset Council explore the possibility of transfer of the land registry titles and transfer whole lease agreement or remove Tannery Fields from scope.

RESOLVED – to pursue devolving Mellanby Close Play Area together with Mellanby Close grass area.

RESOLVED – to agree a maintenance agreement with Somerset Council to enable Street Parish Council to maintain the play area only and revisit the option to devolve the whole of Woods Batch (including open spaces) at a later stage alongside investigating the lease / covenant position.

RESOLVED – to remove Tannery Field from the scope of devolution.
